

**Would you like free text messages to your mobile when a show goes live or is closing?**

You can receive updates from the iSS Facebook page, to your mobile. Just follow the instructions below:

Via Facebook - click on the drop down menu (down arrow) next to **Home** and select **Account Settings**

From the left hand menu select **Mobile**

Enter the mobile number you want texts sent to

Notifications – Type iSS (Internet Show Services) in the box “receive text notifications when the following friends update their status message”

**Then when your mobile is set up to receive text message from iSS**

Use the Search bar to find **iSS (Internet Show Services)**

Click on the **Like** button at the top of the page (next to the name of the page)

From the left hand menu select **Get updates via SMS**

You can unsubscribe any time

*Facebook does not charge you for using mobile texts however, your mobile provider's standard rates for sending and receiving text messages still apply. Most networks offer free text messages as part of your package – but please check your contract.*
