

# Show Processing

If you have access to the internet iSS can now offer you the ability to enter the details from your postal entry forms directly in to the **NEW** iSS postal entry system. Simple charging – **per class** – so you can plan your costs!

## **How does it Work?**

Each show receives a unique iSS log-in to access the site. Once logged in, a simple form allows you to record details from postal entry forms and as we have an extensive database behind there's less typing. Entries can be amended at any time e.g. grade changes, and total on-line and postal entry numbers are a click away.

iSS Processing charges are based on the number of classes your show is holding.

At close of entries, the data can be forwarded to a nominated person for processing and printing, or, take advantage of the very reasonable iSS Show Processing rates, see below.

Simple charging for simple processing, all prices are PER CLASS, and are based on the assumption that iSS will also be used for on-line entering.

Choose any of the following options:

## **Entering**

(details from the Entry Form)

Access charge which allows Club to enter details: **£1 per class**

If iSS entering - additional £2 per class

## **Processing**

Includes full checking of data plus production of running orders

**£7 per class** if iSS chosen to subsequently print your show paperwork

£10 per class if data is to be provided electronically ready for printing

## **Printing**

Full show paperwork:

Master Listing by Ring No. and alphabetically by Handler, Scribe Pads, Calling Sheets, Score Sheets, Results Sheets – everything you need to run your show

**£5 per class/grade/split**

**Many extras available** - *just ask for a quote e.g.*

Receiving entries

Printing of ring plan
